Welcome to Ocooch Hardwoods

Ocooch Hardwoods, of Richland County, WI is a retailer and wholesaler of hardwood and softwood lumber. It was founded in 1992 by Floyd and Carol Hacker and was purchased in 2011 by Delvin and Brenda Martin of Martinwood Cabinetry, LLC.

Delvin has been in the wood working industry for over 20 years and for the last 15 years has been building custom cabinetry.

His four oldest sons have worked along side him since they could run machines and are skilled in the knowledge and handling of wood. Ethan is the one behind the computer and phone to keep in touch with our customers and make sure orders are processed with promptness and quality. His 3 brothers run the machines and work hard in choosing the best wood they can find to fulfill your order!

We seek to meet the demands of retailers, craftsmen, cabinet shops and anyone interested in fine quality lumber. We specialize in lumber and guarantee it to be on grade and proper moisture content.

We are located in the heart of the beautiful Ocooch Mountains of SW Wisconsin, halfway between Madison and La Crosse and just a 1/4 mile off of State Highway 14 on County Highway E. (Approximately 15 miles west of Richland Center and 15 miles east of Viroqua.)

Unsurfaced Lumber

Unsurfaced lumber is rough lumber. It can be surfaced for an additional price of 30 cents a board foot. All our lumber is kiln dried to a nominal 7-9% moisture content. If shipped by UPS maximum length is 8'.

Price is per board foot. Kiln dried measure, and price are subject to market change.

- Thickness is measured in quarters of an inch, 4/4 = 1", 8/4 = 2".
 - A board foot is 1" thick 12" wide and 12" long. For 4/4 lumber (1" thick), multiply the length (in feet) by the width (in inches) and divide by 12. To order a small amount of our Unsurfaced Lumber, just let us know what size board you need and we will take care of figuring the board feet.
